

## CLUB RULES

31. August 2022

### GENERAL

We expect active participation in trainings that you have signed yourself up for.

Be respectful towards your training mates, coaches and yourself

The training season lasts from 1. September until 31. May

Invoices are sent out in the first half of the month for the same month.

Please notify us about missing a training via webpage [tinyurl.com/SKFookus2021](https://tinyurl.com/SKFookus2021) .

You can also send an e-mail about you being absent from training, but we prefer players leaving comments in the spreadsheet, as it is faster.

You are eligible for substitute trainings for trainings where you notified us ahead 24+ hours of being absent.

If you will be late to the training more than 10 minutes, please notify your coach.

For changing your training times, groups or cancelling trainings, write to [info@skfookus.ee](mailto:info@skfookus.ee).

### TRAININGS – JOINING, PARTICIPATING, CANCELLING

For joining, changing groups or cancelling trainings, write to [info@skfookus.ee](mailto:info@skfookus.ee).

Once registered we will book a place for you in the training until the end of the season (31. May)

Notifying about missing trainings according to our system of substitutions. See below

A coach has the right to re-evaluate your skill-level and recommend a more suitable group.

To withdraw from a training group, notify us before the beginning of the new month. Later notifying will result in a 50% training fee for the next month.

When a player cancels their trainings later than the 7th day of the month, the invoice for that month is to be paid in full.

The Club has the right to cancel a training group before the end of the season if there are less than 4 participants remaining. Players will be notified of cancellation at least a week before the new month.

The Club will inform the participants about trainings that need to be cancelled due to unforeseeable circumstances at the earliest possible opportunity. The Club will either offer an alternative training time or mark a pre-notified missed training for the participants.

## **PAYMENT FOR TRAININGS**

Invoices are sent out in the first half of every month.

Payment may be done via a bank transfer or through Stebby. Choosing the latter, the buyer must send the ticked codes to [info@skfookus.ee](mailto:info@skfookus.ee). Not doing so would mean we cannot register your payment and the transaction would be wasted for the player as well as the club.

When paying as a combination of the two, please notify us about this when sending the ticket codes.

Missing trainings will not affect the next month's fee. Prenotified absences of trainings can be levelled by doing substitute trainings according to the rules.

Any additional extra trainings will be included in the next month's invoice.

Placeholding fee – when notifying about skipping trainings for at least 4 weeks in a row and wanting to reserve your place in the group. Placeholding fee is 50% of that group's normal fee. Please clarify during notifying whether you wish to keep your place in the group during the pause or not. If not, we will unregister you from the group.

To leave a training group, inform us before the start of the new month at [info@skfookus.ee](mailto:info@skfookus.ee). Failing to do so will result in 50% fee for the month you are not participating in. When leaving a training group after the 7th day of the same month, the invoice for that month is to be paid in full.

## SYSTEM OF SUBSTITUTIONS / EXTRA TRAININGS

When you have to skip trainings, inform us at [info@skfookus.ee](mailto:info@skfookus.ee) or [tinyurl.com/SKFookus2021](https://tinyurl.com/SKFookus2021)

To mark yourself absent in the spreadsheet, leave a comment on your name on the appropriate training.

Informing us 24+ hours ahead of the training you are about to skip, you become eligible for a substitute training. Please inform us about any training that you will have to miss. Other players can then do their substitutions during those vacancies.

Substitute trainings can only be done during the months you are registered to at least one group. Substitute trainings are done in groups you are not registered to, if there is a vacancy. Similarly to substitutions, you may do extra trainings. The price for extra trainings is set in the pricing list in the beginning of every season.

Trennide saldo (balance of trainings) = the number of extra trainings or substitutions – Notified (24h or earlier) skipped trainings.

All players that are registered to a group are allowed one free extra training per season (Badminton Club Fookus members 2 trainings). That is how much on the positive side the „SALDO“ can be at the end of the month without any extra fees. When exceeding the limit, the player will be invoiced on the trainings over the allowed „SALDO“ limit.

Players that are not registered to any group can participate as a one-time player, if the group has any vacancies. Registering is done the same way as for extra or substitution trainings. Invoices for one-time trainings will be sent in the beginning of the next month.

Our main training season lasts from September 1 to May 31. During this time, a player can do their substitution trainings. During the summer months, there are only one-time trainings on certain times, no substitutions can be done during the summer.
